

Worldwide Technical Recruitment Services

The VELOSI Group has been a leader of specialist personnel to the engineering industry globally, for more than 30 years - supporting some of the most significant Oil & Gas, Petrochemical, Power Generation, Rail, Aerospace, and Construction projects in the world.

With five Regional offices located in, Europe, Africa, the Americas, Asia Pacific and the Middle East, together with our network of 70 offices in 40 countries we have the global knowledge and local expertise necessary to provide in-country support for a diverse multi-national workforce, including, visas, work permits, logistics, meet and greet, accommodation, transport, health, safety, security, insurance and taxation compliance.

Because of our Global presence, VELOSI is in a unique position to supply a diverse blend of expatriate personnel with a comprehensive local and regional mix to meet local labour content and language needs while keeping client costs in-line with budgets.

Globally, VELOSI can support all phases of a project lifecycle from feasibility studies through to project management support, project engineering support, construction supervision, fabrication supervision, commissioning and onwards to operations and maintenance, regardless of geographical constraint.

Underpinning our capabilities is our own tailor-made extensive web based state-of-the art recruitment database of over 100,000 highly-skilled candidates. We offer a global 24 hour recruitment process aimed at identifying the very best candidates for project-based, contract and permanent positions, for single or multiple global locations.

Our Global contact management system can view global client records throughout the group, enhancing inter-office co-ordination. Our universal candidate database enables us to search for new candidates or access existing candidate records, from any location 24/7. We are able to track vacancy life cycle management, view full vacancy history, from job descriptions and candidates submitted to interview details and outcome records. Via our comprehensive data storage, we are able to access all current and historical records, whenever they are required. It provides a comprehensive management tool to monitor all activity, identify user productivity, set diary events and produce vacancy, candidate and clients statistical reports.

VELOSI is a member of the REC (Recruitment and Employment Confederation) which outlines specific codes of conduct that are aimed at delivering a professional and high standard recruitment service to clients and jobseekers. We are approved by First Point and Achilles, Link up and UVDB. We are also an ISO9001 certified organization. Our partnership approach and commitment to seeking unique and innovative solutions for our clients and contractors has established us as a partner of choice for various global blue chip organisations.

Many of our recruitment professionals have been with the company for over 18 years, enabling us to build long-term relationships with our clients and candidates. Our focus is on workforce retention, keeping the skills and experience gained by our candidates within our client organisations.

By utilising the most efficient, global reaching recruitment and resourcing partner, clients are able to focus strategies and resources on their core business, reduce and control operating costs, increase access to qualified personnel and minimise recruitment time and expense.
