

VELOSI TRAINING INSTITUTE

About Us

Velosi Training Institute LLC is a venture of Velosi Asset Integrity Limited, which offers a comprehensive range of specialized courses in Certified Technical Training, Exam Preparatory, HSE, Mechanical Training in the Oil and Gas Field, ISO, NEBOSH, IOSH, Mobius, and CertNexus. Our extensive training courses further include ADNOC Approved Courses, Lifting Courses, Mechanical Courses, Electrical Courses, Food Safety Courses, Digital Transformation Courses, Administrative & Business-Related Skills, Corporate and Postgraduate Qualifications.

As a globally recognized service and training provider, we strive to share our practical knowledge and skills with our delegates in order to help them implement industry safety best practices.

Health, Safety & Environment (HSE) Training

- Accident Investigation Training
- Chemical Safety Training
- Confined Space Training
- First Aid Course
- Flagman Training Course
- H2S Safety Training
- Rigging and Slings Training
- Scaffold Inspection Training
- Emergency Response Planning: Crisis Management for Hazardous Environments
- Safety Instrumented Systems (SIS) Management
- Process Control & Safeguarding
- Risk, Crisis and Disaster Management
- Enhancing HSSE Safety Performance and Effectiveness
- Control Hazard and Operability Analysis
- Quantitative Risk Assessment
- Hazard and Operability (HAZOP)
- Fire Safety Procedures for the Workplace
- Basic Fire Safety Awareness Training
- Fire Risk Assessment Training
- Environmental Awareness
- Waste Management-Production Waste
- H.S.E (Management System) Awareness
- H.S.E (Management System) Workshop
- Contractor Safety (Management)
- Emergency Response (Corporate Procedures)
- Isolation Confirmation Awareness
- Lockout/Tagout
- HSE Performance Measure
- Occupational Health
- Planned Inspection and Audits
- Permit to Work (Awareness/Understanding)
- Permit to Work (Issuing/Area Authority)
- Permit to Work (Job Performance)
- Risk Assessment General Awareness
- Risk Assessment Working Knowledge
- Off the Job Safety
- Bowtie Risk Management

Velosi Certified Programs

- Certified Fire Protection Professional
- Certified PHA HAZOP Leader
- Certified Process Design Professional/Expert
- Certified QRA Professional
- Certified Reliability Professional
- Certified SIL Professional/Expert
- Certified Asset Integrity Professional/Expert
- Certified Tableau Data Analyst
- Certified Environment Impact Assessment Professional
- Certified NDT Level I and II
- Certified Alarm Management Professional

Exam Preparation Training

- BCSP Associate Safety Professional (ASP)/
Certified Safety Professional (CSP)
- NFPA Certified Fire Protection Specialist (CFPS)
- Exida Certified Functional Safety Professional/Expert (CFSP/CFSE)
- ABIH Certified Industrial Hygienist (CIH)
- SMRP Certified Maintenance and Reliability Professional (CMRP)
- SMRP Certified Asset Management Assessor (CAMA)
- SMRP Certified Maintenance & Reliability Technician (CMRT)
- PMI Project Management Professional (PMP)
- Six Sigma Green Belt
- ASNT NDT Level 1, 2 and 3
- Safety Trained Supervisor Training (STSC)
- Construction Health and Safety Technician Training (CHST)
- Certified Instructional Trainer Training (CIT)
- Occupational Hygiene and Safety Technician Training (OHST)
- Safety Management Specialist Training (SMS)
- American Petroleum Institute (API) Training

| API 510 | API 571 | API 579 | API 580 | API 581

| API 653 | API RP 2SIM

Mechanical Training

- Managed Pressure Drilling (MPD), Well Design and Application Training
- Electrical Submersible Pumps Training
- Gas Turbines Operation Control Training
- Valves & Actuators Technology Training
- Bearings, Lubrication & Gearboxes Training
- Control Valves Training
- Maintenance and Troubleshooting of Centrifugal Pumps Training
- Maintenance & Reliability Best Practices Training

Lifting Courses

- Offshore Crane Operator
- STI Scaffold Training
- STI- Scaffold Competent Person / Inspector Training
- Competent Person for Lifting Operations Training
- Lifting Equipment Inspector Training
- Appointed Person for Lifting Operations Onshore/Offshore Training
- Lifting Accessories, Appliances, and Cargo Carrying Units
Inspector Training

ADVANCE YOUR CAREER!**

Food Safety Training

- Basic Food Hygiene Training (level 2)
- Intermediate Food Hygiene Training (Level 3)
- Advance Food Hygiene Training (Level 4)
- HACCP Awareness Training (Level 2)
- Intermediate HACCP Training (Level 3)
- Advance HACCP Training (Level 4)

ISO Training

- ISO 9001 – Quality Management Systems
- ISO 14001 – Environment Management System
- OHSAS 18001 – Occupational Health & Safety Management Systems
- ISO 45001 – Occupational Health & Safety Management Systems
- ISO 50001 – Energy Management System
- ISO 55001 – Asset Management Systems
- ISO 22000 - Food Safety Management Systems
- ISO 17025 - Business Continuity Management Systems.

- ADNOC Onshore Document for Safe Driving (ADSD-HV)-Refresher

Electrical Courses

- Electrical Submersible Pumps Training
- Power Plant Start-up, Commissioning & Troubleshooting Training
- Transformer Diagnostic: Methods of Insulating System & Lifetime Extension
- High Voltage Circuit Breaker Inspection, Maintenance, and Repair Training

- Electricity Sectors Power Generation, Transmission & Distribution Training
- Electrical Equipment Maintenance, Testing, Troubleshooting & Risk Assessment Training
- Electric Power Substation: Maintenance, Grounding & Safety Training
- Troubleshooting of Electrical Equipment & Control Systems Training
- Advanced High Voltage Electrical Protection Training
- Energy Planning Fuel Optimization, Renewables & Reliability Standards Training
- Reactive Power Management & Power Factor Correction Training
- Switchgear and Control Applications for Power Plants Training
- Electrical Power System Protection Training
- Electrical Battery Charging Safety Training

Training In Oil & Gas Field

- Asset Integrity Management in Oil and Gas Industry
- Pipeline Integrity Management
- Wellhead Integrity Management
- Structural Integrity Management
- Process Engineering - AutoCAD Training Course
- Fitness for Service (FFS)
- Pressure Vessel, Shell and Tube Heat Exchanger Design
- Boiler/Static Equipment Design
- Oil and Gas Essentials
- Corrosion Control in Gas, Oil & Water
- RBI Training for static equipment & pipes
- RBI Training for Pipeline (Onshore Offshore)
- RBI Training for Offshore structures
- Failure Mode Effect and Criticality Analysis (FMECA)
- Root Cause Analysis (RCA)
- Reliability Availability Maintainability (RAM)
- Reliability Centered Maintenance (RCM)
- Vibration Analysis
- Safety Integrity Level (SIL)
- Hull Integrity Management
- DCVG & CIP Surveys
- Pressure Safety Valve (PSV) Integrity
- Fire Protection Engineering
